COMPANY CONFORMANCE STATEMENT

In the performance of their respective tasks and duties all employees are expected to conform to the following:

- Perform quality work within deadlines with or without direct supervision.
- Interact professionally with other employees, customers, and suppliers.
- Work effectively as a team contributor on all assignments.
- Work independently while understanding the necessity for communicating and coordinating work efforts with other employees and organizations.

PROJECT OVERVIEW

Environmental Stewardship is one of Walnut Way's major programming areas. Residents have transformed vacant lots into production gardens and orchards. Demonstrating the ability to grow healthy, neighborhood foods is essential to our work. Additionally, maintaining a clean and beautiful neighborhood campus is a necessary part of our commitment to environmental stewardship.

Initiated in 2012, the Blue Skies Landscaping program was founded to advance urban environmental sustainability and employment opportunities in the Lindsay Heights neighborhood and greater Milwaukee area. The program's staff steward Walnut Way's campus and execute landscape contracts on private and public properties. Work includes landscape construction, landscape maintenance, and consultation. Blue Skies offers job training in landscape horticulture for staff. The program is designed to be a source of employment for residents and a sustainable source of earned income for Walnut Way's environmental initiatives.

POSITION PURPOSE

The Blue Skies Landscaping Green Infrastructure Crew Lead is a full-time employment opportunity with Walnut Way Conservation Corp. supporting all aspects of the Blue Skies Landscaping program, as well as urban agriculture and campus maintenance. The candidate must possess knowledge and skills in landscape maintenance, landscape installations, horticulture, and agriculture, with a focus on green infrastructure practices. The candidate must be comfortable working outdoors in all temperatures and types of weather, and must possess sufficient physical fitness/strength to lift landscaping tools and materials. The candidate must also have at least 1-2 years' experience operating equipment such as masonry saws, plate compactors, tillers, backpack blowers and more, as well as have knowledge in both construction practices and plant identification. The Green Infrastructure Crew Lead should be friendly and dependable and be able to lead other staff as required, as well as have a strong attention to detail and ability to multitask. In all instances s/he must perform in accordance with and be committed to the Walnut Way mission.

ESSENTIAL DUTIES AND RESPONSIBILITIES

1. Arrive to work daily early and prepared to execute work assignments
2. Organize vehicles, equipment, tools and materials for the assigned daily project/tasks
3. Drive to project site(s) with crew, equipment, tools and materials
4. Conduct daily crew debriefs for work to be completed
5. Supervise designated staff on residential, commercial and municipal contracts, focused primarily on Green Infrastructure installation and maintenance
6. Safely and effectively operate and maintain a range of vehicles and equipment
7. Follow all protocols for safety, start and end of day activities
8. Maintain detailed and accurate records, including work logs, receipts, spreadsheets and others, submit reports on a daily basis
9. Meet weekly with Environmental Specialist, Supervisors and Leads to maintain records and perform planning for upcoming work
10. Support all aspects of Walnut Way campus maintenance (litter clean up, weed control, organization, minor repairs)
11. As directed, assist with all tasks related to agricultural production, such as bed preparation, sowing, weeding, pruning and harvesting
12. Potential to supervise winter service (snow and ice removal) contracts during the winter season
13. Attend all required trainings and obtain and maintain all required certifications
14. Other duties as assigned by Supervisor
15. Perform other duties to support the success of Blue Skies Landscaping and Walnut Way Conservation Corp.

SUPERVISORY RESPONSIBILITY

This position requires on-site supervision of crew members and/or technicians assigned to the Green Infrastructure Crew Lead's work team for that day. Supervision includes, but is not limited to, safety, execution of tasks, task completion, and customer interaction.
